

Mark Kellenbeck

Business Manager

Mark Kellenbeck | Co-Owner and Business Manager

Mark is the retired founding co-principle of Cascade Management Inc. an affordable housing and care community management company with over 200 facilities in management in Oregon and Washington. In his 30 plus years in the industry he received numerous awards recognizing his contribution to the industry including the *Harley Youngblood* award for outstanding leadership and the *Keeper of the Dream* award for his key role in regulatory reform.

Mark's business experience also includes 15 years of land development, single family, multi-family, and commercial development in southern Oregon. His interest in technology as a great equalizer for small business led him to over a decade of software research and development with software joint ventures in both India and Canada.

Mark has always been an active member of the community having served on the city council, city budget committee, planning commission, key roles supporting new schools, new hospitals, and expansion of community infra-structure. Mark's interest in a vibrant state economy led him become the statewide co-chair of the Main Street Alliance of Oregon a grass roots small business organization which represents the interest over 1000 small business in Oregon. Understanding the importance of affordable health care to small business Mark is an active supporter of health care reform and the necessity of providing universal health care to all Oregonians.

Mark has great interest in what supports and enhances the health and vibrancy of individuals and communities. After reading about and then firsthand seeing the benefits others have experienced with NeurOptimal® sessions. Mark decided to investigate this exciting new technology further. The next step was to personally experience the process, and after only a handful of sessions Mark was convinced this was a technology that he and Kathleen needed to bring to southern Oregon.
